LIES-LIARS-LIES-LIARS.

Would That Some Wise Power Strike Them Too Dead to Skin.

The only employment of some people is to invent lies.

At Maysville is particularly blessed with a large crop of these professional liars.

The air this morning was full of lies.

One was that the C. & O. Bridge at Springsdale had been washed away by last night's downpour.

Another was that no train had passed, or could or would pass, Westbound.

Still another, that the wrecking train had passed up to clear away a pile of wreckage.

Fact is, there were no such occurrences whatever.

There have been, after every heavy rain, a few trivial "washouts," but not enough to delay even a single train—that all trains are on time.

What a supremely happy thing the professional liar must be!

To Cleanse the System.

Mr. Patrick McManis yesterday morning was taken ill and for some time yesterday his condition was extremely critical. It will be learned with pleasure, however, that Mr. McManis is very much improved this morning.

The sympathy of the community goes out to Mr. and Mrs. J. J. Fitzgerald in the death of their little one-year-old daughter, Marie Foster, which occurred at six o'clock this morning at the family residence, Corner Fifth and January streets. The little one had been ill several days, but yesterday seemed very much better and her parents were hopeful of an early recovery. Last night she became worse, death soon resulting.

Probably the heaviest rainfall in years was that with which this section was visited shortly after 10 o'clock last night.

It was a storm to all its glory—rain, wind, thunder and lightning.

In front of the Lexington office the sidewalk was deluged. Third street was a raging canal and the water came rushing down Cherry alley.

A great many shade trees were destroyed in the Eastern part of the city, and there are widespread reports of serious damage in surrounding parts.

In Mason and Robertson, especially from Harris to Mt. Oliver, the storm did its work. Telephone poles were literally torn down, and power crops were broken and the damage from washing was great. People were frightened out of their wits and for two hours awaited anxiously the abatement of the wind. The telephone line between Harris and Mt. Oliver was rendered unfit for use.

From Hardysville, it comes the message that Harris and Robertson were washed away entirely, which reports have likely been greatly exaggerated.

At any rate it is pretty much in evidence that there was a lot of wind and rain in an hour or so last night.

GRAIN DESTROYED

A Destructive Hailstorm Passes Over a Portion of North Dakota and Minnesota.

MUCH DAMAGE BY WIND AND RAIN.

About 125,000 Acres of Rice Grain in Cass and Traill Counties, North Dakota, Destroyed.

Prohibitive Loss in These Counties Will Be in the Neighborhood of 1,000,000 Bushels. Heavy Damage to Cattle in the Two Cities.

PABLO, N. D., Aug. 11.—A severe hail storm raged across the northern part of Cass and the southern part of Traill counties just before noon Thursday. Farms near Cassford and Union, East Gardiner, Grandin and Hillsboro, suffered heavy losses and reports state that 50,000 acres of rice grain were destroyed.

The storm went east into Minnesota. A small percentage of the crop in the storm's area had been harvested. Telegraphic reports of the storm in Ellzy county state that 40,000 acres were destroyed there Thursday by hail and wind. In this county, the path of the storm was 10 to 12 miles wide, and the loss from 40 to 50 per cent in that area. The length of the storm in this state was about 10 miles before it passed into Minnesota.

Much damage was done by the wind and rain in addition to the hail. Reports lost increase and may be 100,000 in Cass and Dakota. Very conservative estimates would make the loss 20 per cent, on 75,000 acres in Cass and Traill counties with 20 to 100 per cent on 100,000 acres in Ellzy county. The Minnesota losses in the valley seem equally heavy.

More details make the hailstorm a veritable devastation. In Cass and Traill counties the storm was severe over an area 15 miles wide and 10 miles long. It was from five miles wide to the south part to two miles in the north side.

At 2:30 Thursday afternoon it looked as though 125,000 acres of rice grain had been damaged in Cass and Traill counties with a loss of 50 per cent. About 100,000 acres are reported destroyed. The probable loss in Cass and Traill will be over 1,000,000 bushels with the heaviest damage in Cass.

MINNEAPOLIS, Minn., Aug. 11.—A special from Ada, Minn., says: A terrific storm passed over this vicinity shortly before noon. A large acreage of crops was destroyed by hail. Hail fell north and south of Ada.

HAILESTAD, Minn., Aug. 11.—Hail totally destroyed crops in this section Thursday. All window lights facing the west were knocked in and several inches of hail were piled in the streets. The storm started near Kells, N. D., and covered a strip 10 to 15 miles wide in a southeasterly direction, passing through Hailestad, Hendrum, Perry, Highwind, Nellsville and Shelly on the north and Georgetown on the south. The insurance among small farmers is light.

DETERMINED TO DIE
George Peterson Killed Up With Whiskey, Fired the Gun and Threw Himself Upon the Point of a sword.

CHICAGO, Aug. 11.—In an effort to commit suicide Thursday George Peterson, a cook of Evanston, first drank a quantity of whiskey, then secured an old rusty sword, set the butt against a bathtub and fell upon the point so forcibly that the blade went nearly half way through his body. Feeling little pain and being still able to stand, Peterson again fell upon the sword. His vitality was still strong, however, and he placed the weapon point against his stomach and rushed with the butt against the wall. Still he did not collapse, and plucking the blade from his wound, he set fire to the house and crawled into a closet and waited for the fire to consume him. He was rescued by firemen, however, and taken to the hospital. He may recover.

QUARANTINE RAISED.

The Yellow Fever Epidemic at the Soldiers Home, Hampton, Practically at an End—Record of the Disease.

NEWPORT NEWS, Va., Aug. 11.—The yellow fever epidemic practically at an end. The quarantine established by this city against Hampton and vicinity was raised Thursday night.

The local quarantine against Norfolk was raised Thursday morning. The record of the scourge to this date show a total of 43 cases, of which 11 resulted fatally. Twelve cases were discharged as cured and 20 convalescents remain in the hospital at the soldiers home.

FOR NINE HOURS.

The Terrible Hurricane Which Raged Over the Island of Porto Rico Tuesday.

MEAGER DETAILS ARE NOW COMING IN.

The City of Ponce Was Almost Destroyed, Nearly All the Frame Buildings Being Down.

Damage to the Port Estimated at \$250,000.—There Was AWFUL Destruction of Property on the Eastern Coast.—Large Number of Lives Lost.

SAN JUAN DE PORTO RICO, Aug. 11.—A hurricane broke over the north coast at 1 o'clock Tuesday morning and swept northward. There was no abatement for nine hours, the greatest damage being done between 8 and 10 a. m. The wires were down and communication with the interior was impossible. It is now chiefly carried by couriers.

At San Juan four natives were drowned in the harbor, 10 houses were demolished and hundreds unroofed. At Guayan, the summary stores to the value of 50,000 were destroyed.

A dispatch by cable from Ponce sent at 10 o'clock Thursday morning says the town is almost destroyed. Almost all the frame buildings are down and the bridge is swept away, and there is no communication between the port and the city proper. Damage to the port is estimated at \$250,000. Two natives are said to be killed and drowned.

The record and property of the custom house are ruined and all the vessels are ashore.

At Abonita very little remains standing except the cathedral and barracks. The record and property of the custom house are ruined and all the vessels are ashore.

El Cayey was leveled to the ground. 200 houses being demolished. Two United States soldiers were injured there and many cavalry horses killed.

At Caguas the central plant of the Standard Oil Co. was ruined. The loss on the property is \$250,000.

At Mayaguez a majority of the houses were destroyed and the rest were holed. The railway was seriously damaged.

The village of Carolina was literally razed. At Caguas four persons were killed.

A courier just arrived from Humacao, capital of the province of that name on the eastern coast of the island reports awful destruction there. The loss of property is estimated at \$250,000, but this is the least loss in the disaster.

The courier brought an official report from Capt. Eben Swift of the 5th United States cavalry who says:

"Humacao was totally destroyed by the hurricane. Forty-six bodies have been recovered and there are many more in the debris. Eight privates of Troop C were injured, two fatally. Sergeant James H. Hild, infantry, was injured. North, a discharged private, is missing. At the port of Humacao 15 bodies have been recovered. Eight hundred people are starving here."

Three persons were killed at Las Piedras and five at Juana.

Couriers from the other districts are anxiously expected at the palace. The steamer Slocum, Capt. Thomas, en route from San Juan, was caught in the storm, but her passengers and crew were saved through the heroism of Mr. Single, the first officer. The coffee crop is ruined, and the little mill will result in millions. Very great injury has been done also to the orange crop. No definite returns have yet been received from the southern section of the island apart from Ponce, where, however, the food supplies in the stricken districts have been destroyed, and in these quarters the quantity of government stores is small. Relief sagons will be sent out Friday in various directions.

Gen. George W. Davis, the governor general, has cabled to the war department an appeal for assistance.

Assaulted With a Pitchfork.

CLARKSBURG, W. Va., Aug. 11.—Ern Davidson, aged 35, assaulted William Davidson Carter, aged 34, with a pitchfork while threshing Thursday, near this city. He struck Carter over the head with the handle, fendering him unconscious. It is thought Carter will die. No reason is assigned for Davidson's act.

Adm Dewey Declined.

NEW YORK, Aug. 11.—Adm Dewey has declined the invitation to a dinner extended to him by the officers of the United League club, of Brooklyn. A letter to this effect has been received by President Wm. E. Falsifer, of the club.

Carbide for Japan.
HUNTINGTON, W. V., Aug. 11.—The American Car & Foundry Co. has received an order from a railroad in Japan for car wheels and axles.

HARROWING TALE.

Thirty Survivors of the Edmonton Trail Have Arrived at Wrangel, Alaska.

THEY CAME IN WITH A PACK TRAIN.

The Unfortunates Tell Heartrending Stories of Hardships Endured and Comrades Lost.

Trading and Transportation Companies, Canadian Officials and Newspaper Men That Advertised the Trail as Feasible to Klondike Gold Fields Pronounced.

WRANGEL, Alaska, Aug. 9.—By Seattle, Wash., Aug. 11.—The Stricken river steamer Strathcona arrived here Thursday with 30 survivors of the Edmonton trail.

The men came in with the pack train sent out from Telegraph Creek and Laketon by the various trading companies last spring.

The unfortunates tell heartrending stories of hardships endured, comrades lost and abandoned, and strongly denounce the trading and transportation companies, as well as the Canadian officials and newspaper men that so profusely advertised this route as a feasible one to the Klondike gold fields.

To outward appearances these men certainly give evidence of the awful trials and hardships which they have endured in this month's journey. Most of them are sickly looking, with unkempt beards and greasy clothes—pictures of physical and financial woe.

A few have just enough money to reach Seattle or Victoria but the majority are without funds. The citizens of Wrangel have applied to the United States government at Washington but up to this date no aid has been received.

There are about 25 destitute miners here. Many have narrow escapes from starvation along the trail from Fort Simpson to Mul river and Fort Laird.

M. Orlitz, G. Stiefel and M. W. Weisner, all of a party of five from Chicago, owe their lives to a bear that they killed just as they had run out of provisions about 20 miles from Laird Post. Wm. Schmidt and Fred Smith, of the party, left the camp at Laird Post last spring to trap and have never been heard from since.

M. Handelman, of Chicago, was lost in the woods above Fort Laird last fall and was compelled to live on bacon for three weeks.

Perry Wells, brother of W. H. Wells, who was one of the passengers on the Strathcona, died of scurvy at Telegraph Creek last fall.

It is admitted that there are more than 100 men scattered along the trail between Laird Post and Pelly Blanks and relief parties have been sent out by the Hudson Bay company.

The last report brought to Laird Post, was that many were dying of scurvy and hunger.

It is estimated that there are thirty or forty outcamps at Telegraph Creek awaiting the next trip of the boat. The sick that had to be carried on stretchers had not yet reached Glenora, when the Strathcona sailed.

Several starvation cases are reported. About 20 miles above Devils Post, two unknown men were found frozen to death last winter. A man bearing the name of Johnson, from New York, was found dead in a tent near the source of the Mul river, last fall. This poor fellow had as cover only half of a blanket and in a diary still open in his hand, were these words: "I died of hunger."

All along the route from Fort Simpson on the McKenzie river, to Fort Laird men with frozen limbs were saved, while some, too weak to help themselves, were necessarily left behind by those more fortunate and able to struggle along. Scurvy raged in all the camps more or less, but there are few deaths from this disease reported.

Provisions were scarce and high at all the military posts last winter and at Fort, including Laird Post, and Fort Francis, even the pastures were put on short rations during the month of April and May of this year. Flour sold at \$75 per sack, beans at 75 cents per quart and bacon at 25 cents per quart.

Woman Killed in a Crash.
HUNTINGTON, W. Va., Aug. 11.—Sadie Davis was slashed with a razor here Thursday afternoon in the hands of Kate Spears. The trouble occurred near the river front, and the Davis woman is believed to be fatally injured. Miss Spears is in jail.

Declined to Rejoin His Office.
ATLANTA, Ga., Aug. 11.—Mayor Woodward, whose resignation was asked for by the city council, has declined to rejoin his office.

BURNED THE TOWN.

The Insurance First Angeles and He-treated They Killed in the Battle Around Calicut.

MANILA, Aug. 11.—A daybreak Friday morning a reconnoitering party, consisting of a battalion of the 17th infantry with one field piece, started up the rail road track toward Angeles, four miles north. The party approached within 1,200 yards of the town and opened fire with the field gun. The Americans were received with a badly directed rifle fire, which the battalion of the 17th returned with a few volleys.

The strength of the insurgents at Angeles not being known, the situation was reported to Gen. MacArthur, who did not desire to send reinforcements until he had been informed of the party to return unless the rebels abandoned the town. Soon after the receipt of these orders it became evident that the rebels had set fire to the town and fled in the place to be occupied by the Americans.

A battalion of the 12th infantry was also sent on a reconnoitering expedition up to noon no firing had been heard in any direction and no word had been received from them at Gen. MacArthur's headquarters, and it is believed that they encountered nothing.

Everything indicates that all the rebels have scattered for miles in every direction around Calicut.

The insurgents lost heavily in the fighting around Calicut. It is believed that a hundred were killed and three or four hundred wounded. The two regiment killed 30 in one place and one company of the 17th suddenly encountered a party of rebels in a trench and killed 12.

The American loss was five killed and 41 wounded, including three officers.

The attack was a complete surprise to the insurgents, who had no idea that a movement was intended until the armored car opened a deadly fire with two Gatlings, a revolving cannon and a machine gun.

The heavy artillery opened on both flanks a moment later. A majority of the Filipinos were asleep when the attack was made. Men with large bells were heard ringing among the shakes among the soldiers.

NEWS IN KENTUCKY.

THE WHISKY TRUST.

It brings suit at Louisville, Alleging That Certain Distillers Did Not Fill Their Contracts.

LOUISVILLE, Aug. 11.—The Kentucky Distillers and Warehouse Company has brought suit in the United States district court here against the proprietors of the W. B. Saffell distillery, near Lawrenceburg; the Waterfall & Frazer distillery, near Tipton; and the D. L. Moore, near Burgin. The allegations are that the plaintiffs of company, after securing option on those plants, was forced to defer payment because of what was considered an attempted coup on the part of the defendants.

The suits filed show that the trust was anxious to secure the plants, and made several attempts after securing the option to get them at what was considered a just price.

The largest suit is against W. B. Saffell, of Lawrenceburg. The price to be paid in case the option was accepted was \$25,000, exclusive of the price of the whisky stored in the distillery, a special price being placed on that. The price paid for the plant of D. L. Moore, it is alleged, was \$25,000, and on that of Waterfall & Frazer \$25,000.

TWO DAMAGE SUITS.

Mrs. Angeline Witherspoon Sues the City of Bowling Green for \$40,000 as a Result of the Small pox Epidemic.

BOWLING GREEN, Ky., Aug. 11.—Two damage suits were filed against the city of Bowling Green as a result of recent small pox epidemic here. Mrs. Angeline Witherspoon, a prominent lady, alleged to have had small pox, was forced by the city to pay for her treatment. Her husband, whom it is charged did not have the disease, was also included in the suit. It is alleged that the city was negligent in its handling of the disease, and that the city was responsible for the damage done to the Witherspoon family.
